**Frameworks** : Spring Boot, Spring MVC  
**Database** : MySQL  
**Tools** : Postman, Git, Maven

## PROJECT EXPERIENCE

### Trade Finance Management System (TFMS)

| Jun 2025 – Aug 2025

A trade finance management system is a software solution that helps financial institutions and companies manage the complexities of international trade transactions. It streamlines processes, mitigates risks, and provides a centralized platform for various trade finance operations. Developed a dynamic web application using Spring MVC and Thymeleaf to manage trade finance operations including Letters of Credit, Bank Guarantees, Trade Documentation, Risk Assessment, and Compliance Reporting. Designed responsive web pages and implemented backend logic with MySQL integration.

### Sentiment Analysis of Restaurant Reviews

| August 2023 – Sep 2023

Conducted sentiment analysis on restaurant reviews using machine learning algorithms like Random Forest and Naive Bayes to gauge customer satisfaction and identify improvement areas. The models effectively classified sentiments, providing insights into customer opinions and experiences. These insights helped pinpoint strengths and weaknesses, enabling informed decisions to enhance service quality. High accuracy in sentiment classification ensured reliable feedback, facilitating better business strategies and improved customer satisfaction.

## INTERNSHIP & TRAINING

### Cognizant Technology Solutions – Java Standards

| Jun 2025 – Aug 2025

Completed 3-month intensive training focused on Java Standards.

- Gained hands-on experience in Spring Boot, MySQL, and front-end technologies.
- Worked on mini-projects simulating enterprise-level applications.
- Strengthened understanding of MVC architecture, deployment, and debugging.

### UI/UX Design Internship (WordPress)

| April 2024 – May 2024

**Organization** : Infini Tech Soft LLP, Hyderabad.

Enhanced WordPress websites by focusing on user experience, conducting user testing, and gathering feedback to refine interfaces. Customized themes and plugins to ensure responsive design across devices. Developed skills in WordPress, user research, and front-end technologies, contributing to the creation of engaging, user-friendly websites. This approach improved website performance and usability, resulting in a better overall experience for users.

## CERTIFICATIONS

### Programming Through Java

| Issued on May,2023

Credential ID : NPTEL23CS49S64720166

Issued by : NPTEL (IIT Kharagpur)

## CO CURRICULAR ACTIVITIES

- Actively Participated in the Code Fiesta contest conducted by AITAM in March 2023
- Participated in a comprehensive 7-day Data Analysis workshop organized by APSSDC in April 2023
